World Challenge – Madagascar  
2014

## Summary

---

Passionate architecture graduate seeking to start my career. An enthusiastic and quick learner who has developed strong software skills, and is keen to learn more. A good team worker with effective communication and problem solving skills. Looking to create socially and environmentally responsible architecture which maintains strong ties to place and culture.

## Education

---

### Master of Architecture (with Distinction)

RMIT University | 2021 – 2024

- **Lyons Research Assistant Elective 2023**  
Worked in the Lyons office one day a week, researching the impact of therapeutic design strategies in hospital social spaces to be presented to the Lyons team.  
Analysed various local, national and international health design precedents
- **Making Tight Research Assistant Elective 2021**  
Assisted in the research and presentation of drawings and renders for the Making Tight Exhibition by John Doyle and Graham Christ

### Bachelor of Architectural Design (with Distinction)

RMIT University | 2018 – 2020

### VCE

Fintona Girls' School | 2017

## Work History

---

**Corporate Food and Beverage Supervisor** | Levy MOPT | May 2024 – Present

Key responsibilities:

- Worked closely with upper management to address operational challenges, propose improvements, and implement strategic initiatives that enhanced service quality and efficiency.
- Oversaw the daily presentation of the space, ensuring that all areas met the high standards for cleanliness, organization, and visual appeal.
- Efficiently controlled inventory and stock levels, reducing waste and ensuring consistent availability of high-quality products in a fast-paced environment.
